

MLO Licensing Endorsement ***Fast Track***

Guide for obtaining your NMLS License in 60 days!

1. [Create an account](#) in NMLS to obtain a NMLS unique ID number
2. Submit the Individual (MU4) form along with the proper fees electronically through NMLS - (*Approximately \$371*)
3. Schedule your test date for 30 days from today if possible (note: you can schedule AND take the NMLS test if you want BEFORE you complete the 20 hours of education. I would advise to at least complete the test prep portion prior to taking the test).
4. Submit fingerprints to NMLS during the MLO license endorsement application process - *Schedule online through your NMLS Portal*
5. Submit authorization for NMLS to obtain a credit report
6. Satisfy the 20 hours of pre-licensure education requirement [NMLS Licensing Course](#).

Here are a couple of courses that I like and are priced well.

[First Tuesday Online Course with Test Prep](#)

[The CE Shop NMLS Online Course With Test Prep](#) - Use Promo code OUTSIDEPRE

7. Successfully complete the National SAFE Test with Uniform State Content.
8. Grant access to the affiliating company for an approved (active) MLO license endorsement. The company will also need to request sponsorship before the MLO license endorsement will be issued in an "Approved" status. If no sponsorship is submitted, the Individual MLO license endorsement will be issued in an "Approved-Inactive" status.
